

# Royal Flush

JAPAN TOILET SOUND

## PRODUCT FEATURES

- ✓ Masks sounds of using the toilet with the soothing sound of running water.
- ✓ Saves water because there is no need to flush the toilet to hide embarrassing sounds.
- ✓ Sensor type, so wave hand to activate sound. No touching required.

Before use, be sure to read the safety and warranty terms on the double inner side carefully.

## HOW TO INSTALL

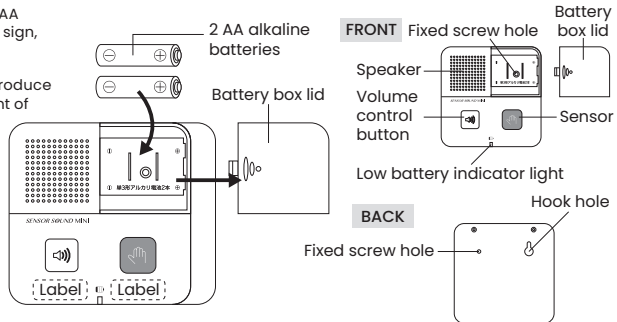

Note: Do not install on doors or sliding doors. The impact of opening and closing may cause malfunction.

- A** With the included screws    **B** Attach using double-sided tape    **C** Stand    **A** Attach hook hole to mounting screw 1 on wall surface. Then secure unit with mounting screw 2 in fixed screw hole.
- Screws included (1)    Attach double-sided tape
- B** If screws cannot be used, secure unit to wall with double-sided tape. Be sure to wipe off dust and dirt from back of unit before proceeding.
- C** Product can also be free-standing on a flat surface. Take care it does not fall.
- 

## HOW TO USE

Use 2 new AA alkaline batteries (sold separately).

- 1 Open the battery box cover, put 2 new AA alkaline batteries in the direction of the sign, then close the cover
- 2 Waving hand in front of sensor will produce 40-second sound. Waving hand in front of sensor again will shut it off.
- 3 Volume [4]: You can select your preferred volume levels from 2 levels using the volume control knob.
- 4 When the low battery indicator on the body flashes red during operation, replace the batteries with new ones.
- 5 Stick the explanatory labels to main unit if desired.

## Product Specifications

Power supply:	2 AA batteries (not supplied)

# SAFETY AND WARRANTY PROVISIONS

Please read this carefully before using this product and use it correctly.

---

## Safety Precautions

---

### ▲ WARNING

Indicates content that may result in death or serious injury.

- Do not mistake the positive and negative sides of the batteries. If the batteries are installed incorrectly, they may heat up rapidly, causing them to explode or leak, resulting in damage. If the leaked liquid adheres to the skin, immediately wash it off with running water. If eye contact occurs, consult a doctor. Please wipe away the splashed liquid with tissue paper or similar.
- Accidental swallowing of batteries is very dangerous. Keep or discard batteries out of reach of small children.

### ▲ CAUTION

Contents that are assumed to cause personal injury or property damage.

- Do not disassemble, modify or repair the product (it may cause an electric shock).
- Remove the batteries as soon as an abnormality occurs. (It may cause heat generation and fire).
- Pay attention to the material and thickness of the wall on which the device is to be installed, and fix it securely.
- Also, when using double-sided tape, wipe off any oil film or dirt (unstable fixing may cause injury due to falling).

## PRECAUTIONS FOR USE

---

### About Batteries

---

- Handle the battery so that the positive and negative terminals of the battery are not short-circuited. Doing so may cause heat generation, rupture, or liquid leakage.
- Do not mix up the plus and minus of the battery. Doing so may cause heat generation, rupture, or liquid leakage.
- Do not use or store the battery near a heater. Doing so may cause liquid leakage.
- Do not replace the battery with wet hands or when the device is wet. Doing so may cause malfunction.
- Do not drop the battery or apply shock or pressure to the battery. Doing so may cause liquid leakage.
- Always use new alkaline batteries. Do not use rechargeable batteries. If new and old batteries or different types of batteries are used together, the device will soon stop working, and even new batteries will become unusable.
- If you do not use the product for a long time, or if the batteries are exhausted, be sure to remove the batteries. The liquid will leak and the product will corrode and become unusable.

---

## General Use

- ROYAL FLUSHH is not waterproof, so it cannot be used in wet or humid locations.
- Obstacles like toilet paper, towels, stainless steel products, mirrors, etc. in front of the sensor may cause it to malfunction.
- If the sensor is exposed to direct sunlight, it may malfunction or not work.
- If foreign matter adheres to the sensor, it may not operate.
- The product may malfunction or not operate outside the operating temperature range.
- Dropping this product, subjecting it to impact, or installing or leaving it in a location subject to high temperature, moisture and humidity will cause it to malfunction and will not be covered by the warranty.
- Disassembling, remodeling, or repairing the product will result in malfunction and will not be covered by the warranty.
- Please confirm that it works properly before installation.
- Do not install in a place where the impact of opening and closing a door or sliding door will occur.
- Because this product is a device that makes noise, please be careful not to place it near your ears.
- Keep out of reach of infants and children.
- When attaching to a painted or cloth surface, please be careful not to peel off the paint or tear the cloth.
- Please note that we will not be held responsible for any peeling of the cloth, peeling of the paint, dirt on the double-sided tape, etc. that may occur when installing or removing this product.

### **▲ CAUTION**

**The Royal Flushh may not work correctly if too close to infrared heaters and lights.**
